**SLIDES CONTINUE TO CAUSE TROUBLE ON PANAMA CANAL**

Hotel Moved to Keep it From Sliding Into Culebra Cut.

Washington, Feb. 24.—As predicted by the engineers, slides of earth from the heights above the Culebra cut on the Panama canal are continuing. The slide which occurred at 10 o'clock on the night of February 9, just opposite the Y. M. C. A. clubhouse at Culebra, carried 550,000 cubic yards of loose earth into the cut, catching a steam shovel, a coal train with its locomotive and two trains of earth dumping cars. All of these, however, have since been extricated, and the train has been restored and no inconvenience is being experienced.

The canal record just received states that these slides, added to those which have occurred since last July do not exceed the total of 6,104,900 cubic yards allowed for slides in the central division in the revised estimates made at that time, now will the added excavation increase the estimate of cost of excavation in the central division made in October, 1908.

Cracks on the ground under the hotel at Culebra, opposite this last slide, have made it necessary to tear down the annex to the hotel and rebuild on safe ground.

Hair switches made at 15c store.

Mr. Lionel Munk of Benson ward spent Saturday and Sunday in Logan.

Miss Della Walker, who is attending the Henger Business college in Salt Lake City, attended the Junior Prom.

**MENDON NOTES.**

Mendon, Feb. 25.—William Sorensen, Mrs. Willis Hardman, Lou Hughes and Henry Sorensen, Joseph Watkins, Mrs. Lottie Baker and Miss Edna Baker attended the Sunday school stake meeting at Hyrum Sunday.

A sociable was given Thursday evening in honor of Miss Edith Hughes at her home. A very enjoyable evening was spent.

William Baist, Emer Richards and Daniel Baird have gone out to Baist, Idaho on their homesteads.

The Mendon Dramatic company presented the play "The Lost Mine" in a packed house Friday evening. The proceeds go to the missionaries.

There was a traveling picture show in Richard's hall Saturday evening.

The smiling face of Robert Sweeten of Holbrook, Idaho, is seen on our streets greeting old friends.

Mr. and Mrs. John Gardner of Teton, Idaho, is visiting with relatives and friends in Mendon.

Friday afternoon the Providence school basketball team played in Richards hall with the Mendon school team. Score 56 to 7 in favor of Mendon. The Providence team brought two sleigh loads along with them to shoot them on to victory.

Mrs. Willis Hardman entertained at high five at her home Friday evening. The table was laid for six.

A large crowd of young people attended the dance at Wellsville Saturday evening.

Very impressive funeral services were held in the meeting house Friday at twelve o'clock over the remains of Bro. William Kidman, Sr. Consoling remarks were made by Henry Kidman, William L. Kidman, Joseph Watkins, Jerry Baker, William Cunningham, Andrew Anderson and Bishop Bird. All spoke very highly of the many good qualities of the deceased.

Joseph Milton of Wellsville was in town Saturday buying beef cattle.

Miss Hazel Bird went to Logan Monday to take millinery.

Next Saturday evening, March 4, in Richards hall there will be played the best basketball game of the season between R. Y. C. first years and the Mendon team. After the game there will be a big dance. Everybody from the surrounding towns are cordially invited. The game and dance are for the benefit of Elder Vance Walker who is laboring as a missionary in England.

**FIGHT PROBABLE TODAY**

12 Paso, Feb. 24.—The crew of a work train, which reached Juarez over the Mexican Central this morning, report that Colonel Babago arrived at Juarez, sixty-nine miles south of Juarez, at 12 o'clock last night. He found the bridge over a shallow stream destroyed at that point and a freight engine in the stream. The track was badly torn up.

Babago's force is said to have defeated at Lucero.

Madero is reported only eighteen miles distant and a fight seems imminent some time today.

General Navarro is reported in Juarez with the remainder of his command.

**BALLOON ARCTIC TRIP HALTED.**

Scientists Say It Is Impracticable to Reach Pole in Airship.

Berlin, Feb. 19.—Dirigible ballooning is not yet sufficiently advanced to justify an attempt to reach the north pole by this means. This is the conclusion reached by the Zeppelin expedition to Spitzbergen, according to a report made by Prof. von Drygalski, a member of the expedition, to a Berlin scientific society.

The expedition which included Prince Henry of Prussia, went to

Spitzbergen to investigate the possibility of reaching the pole in a Zeppelin dirigible.

Prince Sigismund of Prussia, 19 years old, a cousin of the emperor, is the second Hohenzollern scion to interest himself actively in aviation. Prince Henry of Prussia passed the tests for a diploma as pilot, and the young Prince Sigismund is building an aeroplane.

It is stated in military circles that extensive experiments with flying machines will be undertaken in connection with the 1911 "Kaiser maneuvers" on the coast of the Baltic sea. As the German battleship fleet is to cooperate with three army corps and sea coast defense, both naval and army aviators will have an opportunity to prove their value in action.

Ten German officers have obtained diplomas as aviation pilots and are instructing other military aviators all of whom will be called upon to take part in a preliminary exhibition before the emperor in April.

**UNCLE SAM AS UMPIRE IN HONDURAS**

Opposing Factions Unable to Agree on Man for Presidency.

Puerto Cortez, Feb. 24.—General Manuel Bonilla, the leader of the revolutionary movement, has withdrawn formally as a candidate for the provisional presidency of Honduras and there is a prospect of an early agreement with the government.

The choice of a temporary successor to President Davila may be forced upon Thomas C. Dawson, the special representative of the United States at the peace conference.

Negotiations between the factions were resumed on board the United States cruiser Tacoma yesterday. General Maximo B. Rosales represents President Davila and Dr. Alberto Membrano is looking after the interests of Bonilla. Mr. Dawson is acting as adviser and mediator.

**Bonilla Withdraws.**

When the session opened Dr. Membrano read a telegram from Bonilla in which the revolutionary chief announced his withdrawal of his candidacy for provisional president in order, he said, to promote peace and facilitate the work of the conference.

He suggested for consideration as a temporary occupant of the presidency the names of Dr. Membrano, Fausto Davila, a stepbrother of the present president and Francisco Bertrand.

On the other hand, General Rosales advanced the names of Antonio Lazio Arizaga, Daniel Fortin and Senor Cordova, any of whom, he said, would

be acceptable to the government faction.

Neither list was acceptable to the opposing sides and General Rosales then suggested that Mr. Dawson select a president from the six names. Dr. Membrano replied that the revolutionary party would be glad to have the American commissioner choose a man if an agreement otherwise was impossible.

**Beware of Ointments for Catarrh that Contain Mercury**

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system, in buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

**Successful Business Men Keep Two Bank Accounts**

1. Their Reserve Fund — A savings account drawing 4 per cent compound interest.
2. Their Checking Account — to meet the current needs of their business and household expenditures.

There are very few exceptions to this rule.

And—the Reserve Fund, intended for the purchase of a home, farm or mortgage has proved the salvation of many successful men in times of depression!

"Keep this idea — RESERVE FUND constantly before you" constantly before you."

The "unexpected" has confronted THE BEST OF US. BE PREPARED FOR IT.

**The "Motor" HIGH SPEED WASHING MACHINE**

After years of experience in the sale of hand power washing machines of all styles and types we do not hesitate to recommend to our customers this "New Departure" from the many practically old style washing machines which now cover every inhabited part of the globe.

There is no need in putting the fact that a hand power washing machine is as simple an article for sale in a store as bread and milk.

We claim to have the Best Washing Machine that has been offered to the buying public.

This machine runs as easily loaded, as most machines when empty.

A little power has carried to the lever and the heavy fly wheel on the top over the reel and keeps the machine going with very little exertion on the part of the operator.
